## *Who we Are*

SMP21 is a combined specialized architectural firm ,interior design consultancy, based in Livorno, capable of taking care of every aspect of a built space from start to finish, whether it be residential, public or private projects. we deal with complex activity of contracting managing every aspect of the entire process thanks to our coordinated staff made of lean and effecient personnel, we are the first to set foot on site and the last to leave. Our focus is aimed at trying to interpret our client's evolving needs and wishes, translating them into reality. In fact, we adapt our knowledge and culture of design to satisfy the diversity of cultures we deal with on a daily basis. For SMP21 architecture is not only business nor construction or decoration of a project it is about creating a work of art. When you commission us, we will make sure that every detail is considered and tailored to your specific requirements, no matter how big or small the project will be, we ll satisfy you to the very end.

## *Brief History*

SMP21 was founded by Emanuele Colombi, born in Livorno. His studies brought him to the renaissance capital of Florence, where the university conferred him a degree in architecture. After his first experiences as professional architect he decided to widen his knowledge and moved to Rome where he attained a master. After a short time he started his first collaborations with leading luxury interior firms based in Rome and Milan, working throughout the Middle East, among which Bahrain and Qatar and in Europe, such as London and Frankfurt, dealing through all the process concerning project realization of interior, concept design and project management.
